Ashford Board of Education Goals

Curriculum – Ensure a Kindergarten to 8th grade curriculum that challenges students to use methods of inquiry to solve problems, think critically, and to express themselves creatively and effectively.

Financial - Develop a budget that ensures the best possible education while being fiscally responsible to taxpayers.

Culture - Foster an environment of physical and emotional health and wellness for all. Support a community that recognizes professional expertise and provides diverse opportunities that enhance teaching and learning.

Community Relations and Facilities - Provide opportunities for enhanced community engagement and serve as a leader for Ashford in enhancing energy efficiency, developing a maintenance and restoration plan that extends the school's useful life and demonstrates environmental responsibility.

All meetings, conferences, programs and activities at Ashford School are available, without discrimination, to individuals with disabilities as defined by the Rehabilitation Act of 1973 and/or Title II of the American with Disabilities Act. Authorization for Travel: National Geographic Early Career Grant

Teachers Carly Imhoff and Kate Craven presented information about a brand new grant opportunity that has been awarded to Ashford School. They shared a PowerPoint entitled “Engineering for Endemic Species.” This opportunity aligns with the United Nations sustainable development goals of the district and if approved by the Board, will take place in Bermuda in May of this year. A description and itinerary was distributed. Discussion followed concerning the application process for student participation.

Motion made by Marian Matthews to approve student travel to Bermuda to participate in the National Geographic grant as presented. Motion seconded by Jane Urban and carried unanimously.

Opportunity for Public Comment

- Brian Specyalski introduced himself as a long time resident, former Ashford School student and the owner of Brialee Campground. Mr. Specyalski spoke for several minutes asking Ms. Imhoff and Mrs. Craven if there were other causes closer to home? He took exception to Dr. Longo’s most recent Ashford Citizen article, standardized test score results and expressed his opinion he is a poor leader of the district and should be held accountable for test scores. He expressed that he did not want a part time health teacher in the budget as he doesn’t want anyone “teaching his children about transgenders” in school and wants more core instruction. He noted that Ashford has become known for its special education services and therefore those numbers are up. He read an email communication between him and Dr. Longo that he felt contained an offensive statement.
- Kim Kouatly reiterated a request that the board consider offering childcare on meeting nights to increase parent attendance. She expressed a preference in covering math intervention from within so as to not lose a classroom teacher position. She also was in favor of having three teachers per grade saying it would be detrimental to students to reduce the number of classroom teachers.

- Maureen Caye addressed the first speaker noting appreciation for his passion. She has great admiration for her children’s teachers and her experiences overall have been positive. She expressed great appreciation to Mrs. Craven and the STRIVE program and how beneficial it has been for her son. She noted the effort of everyone involved in the budget process and knows it is difficult. She also advocated for three teachers per classroom. She would like to see what the board’s plans are to achieve a 0%, 1%, 2% and 3% budget if so directed by the Board of Finance.

FY 20 Budget Worksession

Lisa Dyer distributed draft “C” of the Superintendent’s FY 20 Ashford School budget. Dr. Longo addressed the grade 5 and 6 classroom instruction and the addition of a half -time math interventionist that is planned for next year’s budget. A question was asked about the retiree health benefit line in the budget. Dr. Longo and Mrs. Dyer explained that retired teachers are allowed by statute to obtain benefits for themselves through the board of education until they are 65 years old. Lengthy discussion followed including but no limited to transportation, technology equipment, iReady software, parent outreach by staff for students that may be struggling, review of the Region 19 budget, tax increases to residents and formula errors in the budget document. The next regular meeting is Feb. 21st. The board requested the following items be discussed at the next meeting:

- Information obtained from other districts about student transportation
- iReady information and presentation
- How and when are parents contacted if their child is struggling with academic subjects
- A comprehensive plan for staffing and instruction in Grades 5 and 6 for next school year

Second Opportunity for Public Comment

- Mr. Specyalski would like have children’s bus drivers introduced to parents, and feels a reminder to parents that instruction is the responsibility of parents as well as the school. He shared a strong opinion that the town has been unwilling to allow businesses to root in Ashford that would generate tax revenue.
- Mrs. Lindsay spoke as a middle school teacher to the outreach to parent comments earlier in the meeting. She reported there is a weekly communication from the middle school to parents and there is access to a Parent Portal in PowerSchool.
- Mrs. Caye stated there was great dialogue tonight and would like more information about the Grade 5 and 6 structure for next year and a plan of action should the board of finance say no to any budget increase.
- Mrs. Kouatly would like more information on Grade 5 and 6 and iReady testing. She does not feel that standardized test scores are telling and are only as good as the information they reflect. There are “outlying” students, and a lot of special education students, and that affects the scores. She again stated she feels there is too much emphasis on project based learning and it is a lot of work for the students and their families. We offer a lot of extras and the teachers are trying to keep up with the pace.

Superintendent Evaluation (Executive Session)
