The Ashford School administration strongly suggests that all students ride to and from the venue with their teachers and classmates on the bus, as this is part of the event experience. We realize that there are times when it may be necessary for you to transport your child to/from an event. If this is the case, please complete this form and return it to the Principal's **prior** to the day of the event.

In providing alternate transportation or for allowing another adult to transport my child, I relieve Ashford School of any liability for his/her safety while he/she is traveling to/from the event.
